## PROFESSIONAL SUMMARY

Final year MCA Computer Science & application student at GNA University with excellent academic record and keen interest and practical exposure in the field of Data Science, Django, Rest-framework.

## TECHNICAL SKILLS

**Languages:** Python, Java, SQL

**Data Science & ML:** Pandas, NumPy, Matplotlib, Plotly, Scikit-learn, Flask, Streamlit

**Cloud & DevOps:** Git, GitHub

**Tools & Platforms:** VS Code, Jupyter Notebook, Google Colab, Postman, Power BI

**APIs & Frameworks:** Django, REST APIs

## INTERNSHIP EXPERIENCE

### Python Developer Intern | Vasudev Innovative Software ,Mohali

Jan 2026 – Jun2026

- Developed AI/ML-based applications and end-to-end data processing pipelines using Python, Django, and Django REST Framework (DRF).
- Built RESTful APIs and backend services for scalable web applications using Django REST Framework.
- Worked with FastAPI/APIs, database integration, and backend logic development for AI-driven solutions.

### Python with Data Science Intern | o7 Services,Hoshiarpur

Jun 2025 – Jul 2025

- Conducted data analysis on large datasets using Pandas and NumPy to extract key insights.
- Created interactive data visualizations using Matplotlib and Plotly for stakeholder reporting.

## PROJECTS

### DOMP — Disease Outcome Prediction System | Python | Flask | Scikit-learn | Supabase — Aug – Nov 2025

- Designed and trained a machine learning classification model to predict disease outcomes with high accuracy.
- Built a Flask web interface allowing users to input symptoms and receive real-time predictions.

### Remote Job Health Impact Dashboard |Python | Pandas | Matplotlib — Jun – Jul 2025

- Built an interactive health analytics dashboard using Python, Pandas, Plotly, and Streamlit to analyze remote work health trends.
- Developed data visualizations and insights for tracking productivity, stress, and health impact patterns.

### AlphaScope Trading Intelligence Dashboard |Python |Django REST Framework | Stock APIs — Jan – Jun 2026

- Developed an AI-powered trading platform using Python, Django REST Framework, and React, integrating paper trading, portfolio management, and real-time stock data.
- Implemented hybrid AI recommendations using Machine Learning, Reinforcement Learning (PPO), and LLMs to generate Buy/Sell/Hold decisions with explainable insights.
- Built backend APIs and financial analytics features including watchlists, alerts, news sentiment, performance tracking.

## EDUCATION

**Master of Computer Applications (MCA)** | GNA University, Phagwara

2024 – 2026

**Bachelor of Computer Applications (BCA)** | DAV College, Hoshiarpur

2020 – 2023

Percentage: 83%

**12th — PSEB (Senior Secondary)** | Guru Har Rai sahib Sen.Sec. School Chabbewal

2020

Percentage: 81%

**10th — PSEB (Secondary)** | Guru Nanak Public School Jallowal Khanoor

2018

Percentage: 80%
